

Cypress C4 IP Phone Buyback Promotion

Trade in your phones for a Cypress and get extra green.

Is your current phone equipment keeping you from moving up to a better communication solution? Do you worry that the phones you bought yesterday could be obsolete tomorrow? Cypress Communications can help. With Cypress' hosted unified communications solution, we provide you with the phones and keep the technology current so you don't have to worry about capital expenditures or equipment obsolescence for your communication needs.

Cypress will buy back your old PBX or key system phones for \$100 each. That's \$100 per phone. And replace them with our next-generation VoIP solution featuring leading-edge Nortel phones.

Better communications, no capital expenditure, plus money back? Now that's the right solution for your business.

Contact your Cypress Account Executive today, or to learn more about Cypress solutions go to cypresscom.net.

Offer valid on new C4 IP sales submitted through June 30, 2009 based on contract signature date. Eligible only for new Cypress C4 IP customers or new locations of an existing Cypress customer buying C4 IP for their new location. Minimum 36-month term commitment required. Not valid on renewals. Customer must execute a C4 Managed IP Services Agreement (MISA) or Managed IP Services Order Form with the buyback terms and conditions as well as a Cypress-provided Bill of Sale. Phones must be in working condition. Credit will be applied to the first invoice following Cypress' receipt and acceptance of phones. Other terms or conditions may apply.
